# General Apprentice Updates

- CMSD and LMS back to school this week; East Village Prep back to school next week (CMSD to continue virtual until at least Jan. 22nd; other schools TBD)
- LOTS of in-home seclusion, isolation - not a lot of getting outside, moving physically, or seeing those outside of their family members
- SO MUCH SCREEN TIME.

# Apprentice Reminders...

- COMMUNICATION with your Apprentice is teaching him/her SO much.
  - You are modeling loving, patient, gracious, mature, dependable communication
  - You may be one of the few adults modeling this behavior
  - You can be a part of teaching him/her how to communicate maturely and effectively - you set the rules!
  - You can teach him/her the GREAT responsibility of having a phone - lots of power to be used for good or for bad
  - Don't be afraid to ask hard questions about how he/she is using the phone/laptop - who else is keeping him/her accountable??

# Opportunities to connect

- Apprentices all have access to a screen due to virtual learning. Use this opportunity to connect over video - set up a weekly video chat!! The kids are Zoom experts.
- Homework and reading help is a HUGE need right now (use screen share to help with homework assignments, read together)
- Going to church in-person? Invite your Apprentice! Watching church online, send your Apprentice the link and challenge him/her to watch with you and discuss afterwards!
- Walk outside together (even if he/she complains at first!)
- Get together with another Mentor and his/her Apprentice - do something together!
- Drop off a game/challenge/craft at your Apprentice's house, set-up a time to complete it together virtually

# Hygiene talks

- Girls Hygiene night in December; ongoing moving forward
  - monthly products available as needed
- Boys Hygiene talks this month, especially at Sports Night; ongoing moving forward
  - monthly products available as needed

→ ***If your Apprentice discloses a need for specific items, please let us know!!***

# New year, same mission!

To develop unfathered and at-risk boys and girls  
into global-minded leaders of God's design.

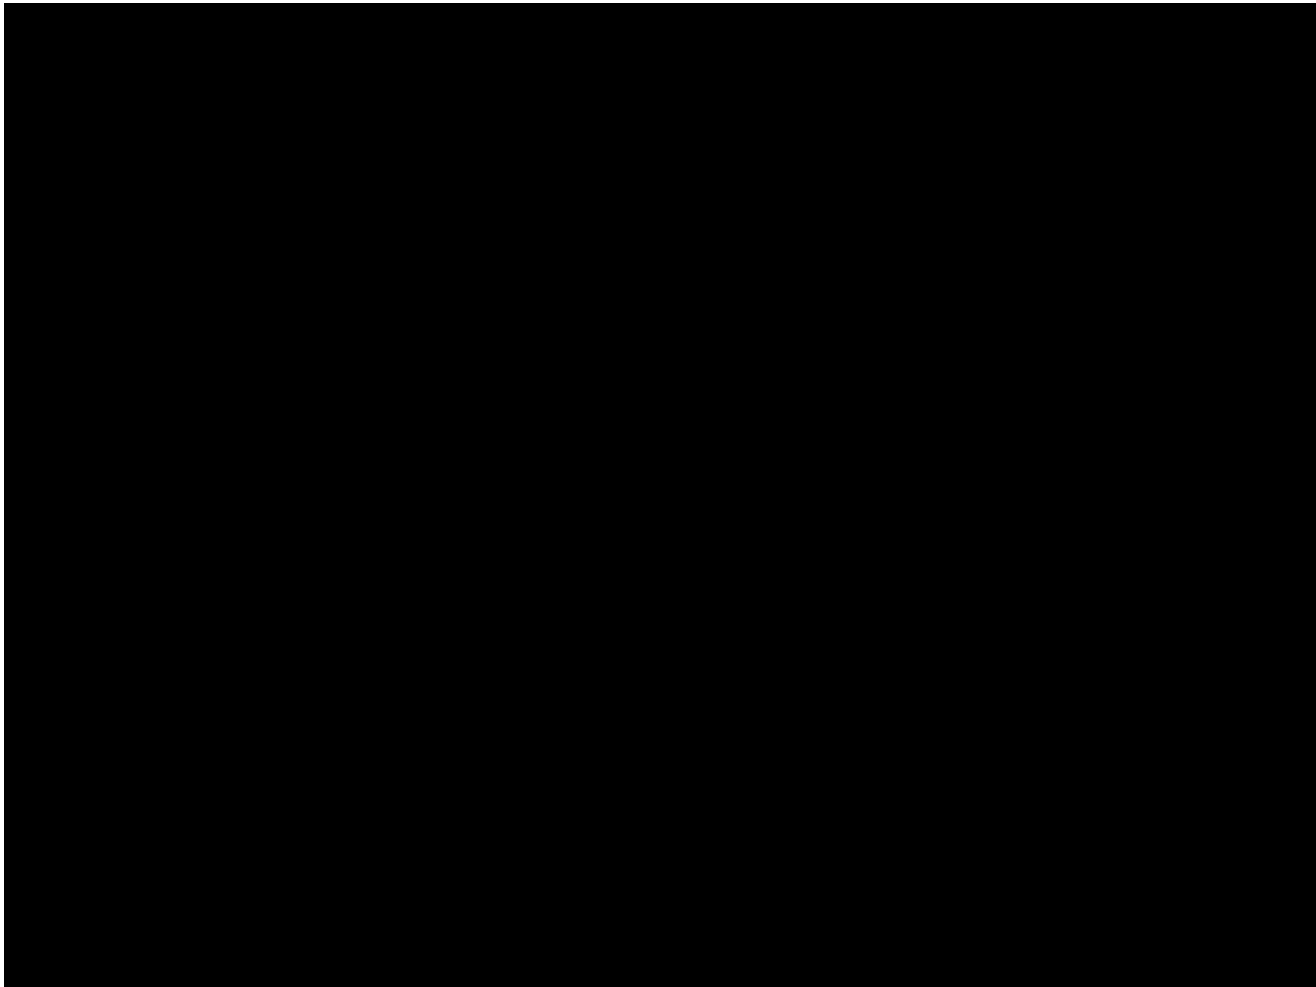

DOOT

MICHAEL

DOO

**I WISH  
SOMEBODY WOULD  
HAVE TOLD ME**

# Truth!

1. **“God is not committed to your dream.** He’s committed to His purpose that He has already designed for your life”
2. **“Make decisions for destiny, not for temporary desires”**
3. **“Something is always controlling you...sin control versus spirit control is the fight of your life.**  
Self-control is the opportunity to choose who you will let control you.”
4. **You have to flip the switch** - to go from living a sin empowered life of the flesh to living a Spirit empowered life of faith.

# Video Discussion

- **What did you learn, what truth did God remind you of from Pastor Mike Todd's message?**
- **What do you wish somebody would have told you as a young person?**
- How might God want you to share that with your Apprentice? (Your pairing was not random - it was orchestrated by the Almighty God)
- Might you pray for God's wisdom and strength to approach the not so fun/easy topics with your Apprentice - the topics that he/she so desperately needs godly wisdom about?
